IN THE PUBLIC INTEREST AWARD NOMINATION CRITERIA

Candidates for the “In the Public Interest” Award will be considered by the Board of Directors and chosen based on specific criteria. In your application, please describe how the candidate fits these criteria.

Outcome – what was the outcome and why is it significant for taxpayers?

Initiative – would the results have been accomplished in the normal course of business, or did it require special leadership/initiative by a person or group? Why?

Resolve – to what extent did the candidate encounter specific interests or interest groups that perceived a potential adverse impact, and how was that handled?

Applicability – to what extent is the action replicable by others or applicable at a broader scale?

Candidates may be an individual, a group of individuals, or an intergovernmental project.

Nominations are accepted at any time. The Board will select a nominee prior to the Association’s annual meeting in February and present it at that time.
